

# Projects by Local Area

Golden Plains Shire Council and its communities are extensively involved in and committed to community development and recreation planning and projects.

Council's successful partnership with communities is underpinned by a shared commitment to establishing clear priorities, collaboration to secure project funding and partnerships for ongoing management and maintenance of community facilities.

The strengths of Council's approach to community projects include:

- Council's ongoing commitment to strategic planning
- High levels of community consultation
- Shared responsibility for project implementation
- Productive relationships with funding bodies
- The commitment of Council Staff to community service

A summary of Projects is presented on the following pages.
