6 PUBLIC QUESTION TIME

The Mayor made the following statement:

"This question time runs for 30 minutes prior to consideration of the formal agenda by Council. We consider questions we receive with notice from the public. If the person is not in attendance, their

questions will be responded to in writing. I note that question time is not an opportunity to make general statements or enter into debate with Council officers.

The following public question was read by Rosemary Angus.

Question

“Is Council aware of the possibility that the Ballarat Community Health doctors clinic may close? The BCH has, to date, been unable to appoint of doctor to replace Dr. Chandra who resigned before Christmas. This clinic is the only medical facility in the northern end of the Shire and it's loss would be catastrophic.

If Council is aware of this issue, what steps are they taking to ensure/encourage BCH to keep the clinic open?”

Response

The following response was read by Steven Sagona, Director Community Services:

“Certainly Council recognises the importance of GP services across Golden Plains, but particularly in the central and the northern parts we absolutely recognise that these areas in particular GP services are more limited than perhaps in the south of the Shire. I'll come to Ballarat Community Health in a minute, but just more broadly we do a lot of direct advocacy with our federal and state members of parliament and with the local health service providers, and we are active in our engagement with local primary care partnerships around GP service provision across the Shire but most particularly in the central and northern parts. We are in regular contact with Ballarat Community Health and their most recent advice to us is that they are continuing to work towards continuation of GP services in Smythesdale. That is their objective and what they are hoping to be able to achieve. Council has offered them practical assistance in the past and will continue to do that. The last few months we have facilitated some improvements to their internet connectivity because that was an issue that was holding them back in a sense, and aim to provide any assistance we can but we don't have any live requests from them, and then more broadly we'll continue to advocate to federal and state governments and relevant service providers and primary health services in all parts of the Shire.”

This report seeks authorisation to prepare and exhibit an amendment to the Golden Plains Planning Scheme for the application of a Heritage Overlay on the Property as recommended by the Heritage Assessment.

RESOLUTION

Moved: Cr Helena Kirby
