**LEAD: Council's Young Women's Leadership Program**

Young women in Golden Plains are invited to help co-design and shape Council's new Young Women's Leadership Program, *Lead*.

Council is inviting women between 17 and 25 years of age to complete a short survey to provide valuable insight into the inaugural Young Women's Leadership Program to help guide the way in which the program is delivered, the content that is delivered and the guest speakers that will deliver it.

The program aims to assist young women to develop a strong and healthy sense of self that allows them to be and act in a way they value within

the world and respond to barriers and challenges with strong identity and self-worth.

Lead will be supported by \$39,500 funding from VicHealth which was secured as part of the fast-track council stream of the VicHealth Local Government Partnership and will deliver a number of programs for young people in Golden Plains.
