Project planning and development

This workshop will help you to develop an idea from scratch into a project plan, building the foundations for knowing exactly what you intend to do, how you intend to do it and how much money is required to make it successful. Ideal for those applying for grants so funders see a ready to go project plan that covers all bases

ONLINE | 6:00PM - 8:30PM | FREE

Teamwork and problem-solving

Good teamwork achieves success! This workshop will help participants to become more self-aware and grow their capability to collaborate better with their Committee and others they are involved with. It focusses on the value of working in a team and how problem-solving and teamwork are essential for achieving success

Advocacy

Advocacy focuses on addressing the need for change, and this workshop will help to build your skills to be a powerful advocate for your cause. Designed with the goal of increasing your skills in advocacy and growing an awareness about the role of individuals and community groups as advocates, providing the foundations for effectively bringing issues to a range of audiences to stimulate discussion and change.

Building community with social media

Social media is part of our everyday, providing an efficient way to communication with your community, group, members and stakeholders, but which is the most effective? This workshop will provide an overview of the most popular social media platforms used in Australia and insights on the best way you can use them to promote the services you provide in your community.

ONLINE | 6:00PM - 8:30PM | FREE
