EDIBLE GARDENS - SUSTAINABILITY AND SELF-SUFFICIENCY WORKSHOPS

Calling all Edible Gardens lovers! Golden Plains Shire Council will be delivering a series of Edible Gardens – Sustainability and Self-Sufficiency Workshops across the Shire from April to June 2024.

Facilitated by Horticulturalist Craig Castree, the workshops aim to bring together the knowledge gained throughout the Edible Gardens Webinars and help participants take their gardening skills to the next level through sustainable and self-sufficient practices.

The workshops will discuss topics including how to take better care of the soil in our gardens, how to use innovative gardening methods to reduce heating and cooling costs and how to reduce the running costs of maintaining a garden.
