MUNICIPAL PUBLIC HEALTH AND WELLBEING ACTION PLAN 2021-2025

DRAFT

ACKNOWLEDGEMENT OF COUNTRY

Golden Plains Shire spans the traditional lands of the Wadawurrung and Eastern Maar people. We acknowledge them as the Traditional Owners and Custodians.

Council pays its respects to Wadawurrung Elders past, present and emerging. Council also respects Eastern Maar Elders past, present and emerging.

Council extends that respect to all Aboriginal and Torres Strait Islander People who are part of the Golden Plains Shire.

GOLDEN PLAINS SHIRE MUNICIPAL PUBLIC HEALTH AND WELLBEING ACTION PLAN 2021-2025

Golden Plains Shire Council have partnered with a number of service providers, regional alliances and community groups/organisations across the Shire to develop a Municipal Public Health and Wellbeing Plan Action Plan 2021-2025 (Action Plan).

The Action Plan embeds an integrated responsibility across all areas of Council and community to reflect the view that 'health and wellbeing is everyone's responsibility'.

The Action Plan was developed with regard to the Victorian Public Health and Wellbeing Plan 2019-2023 which provides a framework for coordinated action and details activities that Council and partners will deliver to ensure that all residents can achieve optimal health and wellbeing and participate fully in the community. The activities address the five health and wellbeing priorities of the Golden Plains Shire Municipal Public Health and Wellbeing Plan.

The five health and wellbeing priorities are:

IMPROVING MENTAL WELLBEING

INCREASING ACTIVE LIVING

**PREVENTING FAMILY VIOLENCE
AND ADVANCING GENDER EQUITY**

INCREASING HEALTHY EATING

**TACKLING CLIMATE CHANGE
AND ITS IMPACT ON HEALTH**

The activities within the Action Plan were informed through extensive consultation with key stakeholders including an action planning forum which involved collaborative planning in each of the five priority areas. Twenty-six partners from community health organisations, regional networks, preventative health service providers, regional sporting associations, family violence support services and the education and disability sector, as well as internal Council departments contributed to the Action Plan.

In addition, activities were aligned with the priorities and actions of two primary regional alliances including the G21 regional alliance (Healthy Eating Active Living) and the Central Highlands Primary Care Partnership (Healthier Eating Active Living).

The core principles that underly the activities within the Action Plan include:

- Placed based and local solutions: Recognising how the places where people live, learn, work and play have an important role in shaping health and wellbeing. Developing and delivering local solutions to local problems.
- Sustainable progress: Embedding capacity building and empowerment into all health and wellbeing activities to ensure long-term benefits can be sustained.
- Increasing access: Facilitating increased and equitable access to local health and community services to meet the current and future needs of the Shire community.

Ongoing governance and monitoring will be conducted, with an annual review to modify and evaluate effectiveness and measure the success and impact of Council work. This will ensure that Council takes a holistic approach to health and wellbeing matters and are proactive in addressing emerging community health needs with place-based and people-centred activities.

PRIORITY 1: IMPROVING MENTAL HEALTH

OUTCOMES

- Improved awareness and understanding of mental wellbeing and mental illness
- Improved access to mental health support services
- Increased opportunities for social connection and meaningful participation in the community

STRATEGIES

What we are going to do

ACTIONS

How we will go about it

1.1 Educate the community about mental wellbeing and mental illness

- Support capacity building at local schools, sporting clubs and community groups
- Increase knowledge and skills in community around mental wellbeing
- Deliver activities and programs that engage youth
- Promote and raise awareness of mental health initiatives e.g. R U OK? Day

1.2 Lobby, advocate, collaborate and develop strategic relationships with community and partners to improve access to mental health support services

- Explore opportunities to build new partnerships with service providers
- Advocate for more mental health support services including outreach
- Advocate for more public and community transport
- Seek funding opportunities for mental health projects, initiatives and services

1.3 Provide local opportunities for community to build social connections

- Support local sporting and community groups to provide participation and engagement opportunities
- Provide programs, activities and spaces for people of all ages and abilities to build social connections
- Support local community events e.g. Farmer's markets, festivals, community gardens
- Explore avenues to enhance existing and establish new partnerships with organisations to increase opportunities to engage, participate and connect

1.4 Support people of all ages and abilities to maximise their potential for meaningful participation in community life

- Provide opportunities for capacity building and leadership in community groups
- Connect community groups with funding opportunities e.g. Community Strengthening Grants
- Encourage and support volunteering
