Hi Kim. I'm sorry it has taken so long for me to read the plan, and hope it is not too late to comment. I congratulate you all who put it together. Very comprehensive and much more detailed and inclusive than previous ones. I was pleased to see the inclusion under 2;14 Good Access Good business. I think information should be given with a planning or building permit for modifications to existing businesses and for new ones. I had to get a copy of something from Craig when I saw the new "Kitchen " under construction.

I have always been intrigued by the fact that the Commonwealth Human Rights criteria is much more comprehensive than the Victorian one. I presume we are compliant with both.

I have just completed the council questionnaire on the Council Plan and included reference to the Access and Inclusion plan in answering question 6.

I wish you all a very happy and successful year in 2017 when I presume we will have a meeting! June Cameron
