

Maude - She Oaks - Steiglitz Community Plan 2017 - 2020

What is Community Planning?

Community Planning is a process where community members come together and take action to improve their community. Community members develop a community plan that outlines projects they will undertake to make their town a better place to live.

Golden Plains Shire Council supports Community Planning by providing a professional facilitator who assists communities, as well as grants to help implement the projects in the community plan.

Currently 23 communities across the Shire are helping make their towns a great place to live through community planning. To learn more about community planning visit www.goldenplains.vic.gov.au/residents/my-community/community-services/community-planning
